## Odprtje/Opening: Kibla2Lab

4-5 minut

//eng below//

ODPRTJE KIBLA2LAB  
raziskovalni intermedijski laboratorij

→ Petek, 3. 7. 2020 ob 18. uri  
→ KIBLA PORTAL, Maribor

Vljudno vabljeni na odprtje in predstavitev raziskovalnega intermedijskega laboratorija KIBLA2LAB, ki bo v petek, 3. 7. 2020 ob 18. uri v KIBLA PORTALU (Valvasorjeva 40, 2. nadstropje) v Mariboru. 🚀

Namen KIBLA2LABa, ki deluje na stičišču umetnosti, kulture, znanosti, tehnologije in gospodarstva, je transdisciplinarno izobraževanje in ustvarjanje interdisciplinarnih storitev ter produktov. Testni in izvedbeni laboratorij s sodobno tehnologijo, opremo za 3D skeniranje večjih stavb in urbanih površin, 3D oblikovanje, fotogrametrijo, geolokacijski VR, AR in MR vizualizacije (navidezna, razširjena in mešana resničnost), volumetrični video in film, izdelavo maket in 3D objektov, zagotavlja prostor za raziskave in specifična izobraževanja, vzpostavlja inkubator za ideje, njihov razvoj in implementacijo na trgu.

Odprtje KIBLA2LABa bo pospremila predstavitev področja delovanja laboratorija, vsebinskih in tehnoloških usmeritev, demo predstavitev pilotnih projektov, interaktivne simulacije v okoljih virtualne in navidezne resničnosti (VR/AR) ter predstavitev projekta Ljubzenski stroj intermedijske umetnice Valerie Wolf Gang.

Vljudno vabljeni! 🗨️

◦ ◦ ◦ ◦

KIBLA2LAB je del projekta RUK (2019—2022). RUK je mreža raziskovalnih centrov na presečišču umetnosti, znanosti in tehnologije. V tem interdisciplinarnem trikotniku razvijamo inovativne produkte in storitve za humano tehnologijo prihodnosti. Naložbo sofinancirata Republika Slovenija in Evropska unija iz Evropskega sklada za regionalni razvoj.

---

### OPENING: KIBLA2LAB

→ Friday, 3 July 2020 at 6 p. m.  
→ KIBLA Portal, Maribor, Slovenia

You are kindly invited to the opening and presentation of the research intermedia laboratory KIBLA2LAB, which will take place on Friday, 3 July 2020, at 6 p. m., in the KIBLA PORTAL (Valvasorjeva 40, 2nd floor) in Maribor. 🚀

The purpose of KIBLA2LAB, which operates at the crossroads of art, culture, science, technology, and economy, is transdisciplinary education and the creation of interdisciplinary services and products. It presents test and implementation laboratory with modern technology, equipment for 3D scanning of large buildings and urban areas, 3D design, photogrammetry, geolocation VR, AR and MR visualizations (virtual, augmented and mixed reality), volumetric video and film, production of models and 3D objects. It provides space for research and specific education and establishes an incubator for ideas, development, and implementation in the market.

The opening of KIBLA2LAB will be accompanied by a presentation of the laboratory, content and technological orientations, demo presentations of pilot projects, interactive simulations in virtual and virtual reality (VR / AR) environments, and a presentation of the project Love Machine by intermedia artist Valerie Wolf Gang.

Welcome! 🗨️

The event will be held following the recommendations of the NIJZ (NIPH).

◦ ◦ ◦ ◦

KIBLA2LAB is part of the RUK project (2019-2022). RUK is a network of research centers at the intersection of art, science, and technology. In this interdisciplinary triangle, we are developing innovative products and services for the human technology of the future. The investment is co-financed by the Republic of Slovenia and the European Union from the European Regional Development Fund.
